EXPERIENCE 02

2022 - Present

Freelance

Collaborated with clients worldwide to design, develop, and deploy modern web applications with a focus on performance, scalability, and clean architecture. Delivered end-to-end AI-Integrated solutions.

● Designed and implemented scalable web architecture and APIs for AI-driven job and talent matching.

● Developed responsive, user-friendly interfaces and internal admin dashboards.

● Collaborated closely with product and AI teams to translate business goals into technical solutions.

● Contributed to creating a robust MVP that positioned Betatik as an innovative player in AI-based HR technology.

2020 - 2023

Full-Stack Developer — Betatik

Built Betatik's AI-powered career coaching and HR platform from the ground up, delivering complete B2B and B2C systems from concept to production.

● Developed scalable architecture, APIs, and responsive interfaces.

● Integrated AI features for intelligent job and talent matching.

● Helped launch a robust MVP that positioned Betatik as an emerging HR tech innovator.

2019 - 2022

Freelancing

Started my journey in web development, building real-world projects and collaborating with clients.

● Delivered small to mid-scale full-stack projects.

● Gained a strong foundation in modern web technologies and client communication.
